

At UFA you'll find Mother Nature's full line of high-quality wild birdseed - the foundation of a successful backyard bird feeding program. Mother Nature's birdseed is clean, high quality, and is sold either as single seeds (e.g., sunflower seeds, peanuts) or blended birdseed using a variety of nutritious and field-tested ingredients.

“ Availability of food, not temperature, determines which bird species can thrive in our challenging winters!”
MYRNA PEARMAN

PRICES IN EFFECT NOVEMBER 3-23, 2022

Feed the birds and keep your lawn and garden looking great.

Designed to attract a broad variety of birds, the seed ingredients in this mix do not have shells or husks and will not sprout in your garden or lawn.

MOTHER NATURE'S

“Not only will bird feeding stations help our avian neighbours survive the long cold winter ahead, but having wild birds within view is guaranteed to make a Canadian winter more interesting and inspiring!”
